

## **Get Weather Alerts.**

**Develop a Family Plan** Identify a safe place in your home that is suitable for indoor shelter in case of an emergency. Also, develop an evacuation plan just in case you need to escape outside to safety. Your evacuation plan should always include a gathering spot where everyone comes together for roll call.

## **Emergency Kit**

- masks
- disposable cloths and hand and disinfecting wipes
- hand sanitizer and antibacterial soap
- rubbing alcohol and bleach
- disposable garbage bags
- battery-operated radio
